B. Prayer Requests

- 1.Missing Link in families be restore
Addition to existing families
Lord God we pray that You will restore our family to the God given structure.
- 2.Lord come and be Lord over our family.

3. Lord forgive us and sanctify us in the blood from all idols we now worship in our families instead of you.

4. Lord we overthrow all idols and we plead with you to make Your entrance into our lives and family and be Lord. Reign in our family O God.

5. Lord grant each husband to cultivate and carry his role of protection, leading and providing as unto the Lord.

6. Lord grant each wife to cultivate and carry her role of comforting, teaching and nurturing as unto the Lord.

Teaching - Skills to teach – communication, listening, collaboration, adaptability, patient, empathy

Nurturing – it is power to protect and care for what must grow. Your husband sow the seed of love, you are suppose to care and protect it to grow. Is your husband and children and all around you growing? Or you are a killer or a drainer? What should a woman do when what is needed in the family is lacking a seed, they are not to plant it, but to ensure the seed is planted by the father

The growth of family – family heads should grow to handle their wife and kids, members of the family.

Married to wife that is presidential and you as the man do not have the mindset, inner growth there will be trouble.

It is all about giving them space to grow mentally spiritually and otherwise

Everyone is a book, what are you writing? What are you writing? Grow in character, statue, in favour, in your mind,

The power to make things grow (Nurtures) in family rest upon us.

LK 11:21, Deut 2:3
